Senior Spotlight: Janica Kopman

Janica Lynn Kopman was born on October 11th, 2005. She has nine siblings: Trey, Maren, Joelle, Larissa, Karsen, Kyrell, Brynn, Aubree and Kirk. The most influential person in her life is her mom because, "She has always been there and puts all her effort into taking care of the family." If she could change anything in the school she would change the fact that students should be allowed to study in the library, eat lunch outside and have just a little more freedom. Her advice to her younger self would be to do what you love, and "The day you stop racing is the day you win the race." In her free time she spends time with her family and friends. "My friends and I often play outdoor games, just visit, or work on projects." She will always remember Mrs. Schultz and how she puts her first. It amazes her that she has the capacity to truly care for so many people.
