## A LITTLE BIT ABOUT ME!

I graduated from SDSU with a bachelor degree in Nutrition Food Science. I completed my internship to become a Registered Dietitian. I have had a variety of jobs in Dietetics but wanted a change of pace!

My first day of employment with Hamlin Education Center was in September 2017!

I have been active at the Hamlin Education Center for many years through the Hamlin Booster Club, PTO, BachPach and FCA. My employment at HEC isn't a job but being part of a community!

I enjoy going for long walks, traveling, photography, spending time with family and gardening.
