1. Entries in this department are open to active or incoming FFA members of the South Dakota FFA Association.
2. Each State Fair exhibitor must have completed a semester of Ag education and be a paid FFA member on the chapter roster or be enrolled in an ag education class as an incoming 7<sup>th</sup> – 12<sup>th</sup> grade student.
3. Members may retain their active membership until November 30 following the fourth National FFA Convention after high school graduation. All active FFA members are eligible to enter.
4. All participants must follow the FFA CODE OF CONDUCT while at the fair from the time of registering at FFA until finished with FFA activities. (See code of conduct on last page of book.)
5. Livestock entered by FFA members must be a part of their supervised agricultural experience program in agricultural education. If you have more than one animal in the ring, you must have another SD FFA member show your animal. Each animal may be entered in only one lot.
6. All premiums will go directly to the student.
7. In the event the premiums exceed the budget, the South Dakota State Fair reserves the right to prorate award money.
8. Class 1, 2 and 3 exhibits (chapter exhibits, ag mechanics/horticulture and Agriscience) must be in place by 12:00 noon on the first day of the fair and remain in place until 6:00 p.m. the last day of the fair.
9. Exhibitors T-shirts and exhibitor numbers will be distributed at the FFA Exhibits Building in the Livestock Office. Each exhibitor is responsible to pick up the exhibitor number and shirt when registering.
10. **Livestock Entering Fairgrounds:** All livestock entering the fairgrounds on Tuesday, must use Gate 4.5 located on the north side of the fairgrounds off of Market Street. Any livestock arriving on Wednesday, must use Gate 4.5 or Gate 8 (located on the southwest side of the fairgrounds off of Lincoln Avenue). Exit gates 3.5 or 4.
11. **Livestock Trailer Parking:** Livestock trailer parking is being moved to Huron Continental Marketing located west of Huron at 39763 US Hwy 14. Doing this will allow us to be able to accommodate more vehicle parking at 7<sup>th</sup> St. and Nevada Ave.
12. **On-Grounds Parking:** On-grounds parking is prohibited without proper and appropriate credentials. Parking passes issued to campers are valid only for the campsites. They are not an appropriate credential for anywhere else. If the vehicle does not fit within the boundaries of the campsite, the vehicle must be parked off grounds.
13. **Parking Violations:** Any vehicle found on-grounds without the proper credential for the area in which it's parked is subject to towing. There will be zero tolerance for parking violations; we will no longer be making PA announcements or giving warnings. Violators will be towed.
14. **Fire Lanes:** For safety purposes, any vehicle blocking a fire-lane will be towed at owner's expense. There will be zero tolerance. NO EXCEPTIONS AND WARNINGS!
15. **New Ticketing System:** The SD State Fair is transitioning to an electronic system at the gates for admission and parking. It's the same process that the grandstand has for tickets. Admission and parking passes will have bar codes on them that will be scanned. Parking passes will be scanned upon entry and exit from the fairgrounds. Passes are only valid for the area and terms listed on the pass. The goals for this transition is to increase efficiency and eliminate any abuse or misuse of parking and admission credentials.
16. **Feeding/Unloading Permit:** A feeding/unloading permit may be purchased at the State Fair Administration Office or upon submission of livestock entry form for \$20 (only 1 permit per family/address allowed). This permit allows entry on the fairgrounds before 9 AM and after 6 PM to feed animals and then exit immediately. This is NOT A PARKING

PERMIT and will be subject to towing if vehicle is left unattended for an extended amount of time. Permits will be scanned at gates and will only be valid during the designated hours.

## IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS) CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels. All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

- 1) All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
- 2) Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
- 3) Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
- 4) Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

(continued on next page)

- 5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
- 6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
- 7) Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

- 8) No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
- 9) The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
- 10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expos and any special notices to members.
- 11) The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
