

## **Info about State A Boys Basketball Tournament Tickets -**

I wanted to pass along the online ticket link for next weekend. If possible, please share it with your parents, students and fans and encourage them to purchase their tickets online prior to arriving at the event.

We will have approximately 14 ticket windows open around the facility on Thursday; however, we anticipate significant lines. Promoting advance online purchases should help speed up entry and reduce congestion at the ticket windows.

Also, please let your fans know that spectators will be able to move between the Ice Arena and Summit Arena throughout the tournament. When they arrive and enter the arena, they will receive a wristband that will allow them to go back and forth between the Class A and Class AA tournament games.

Thank you for helping us spread the word and make the process smoother for everyone.
