October 28, 2026

Dear **Hamlin Charger Parents/Guardians:**

Hamlin has begun using Infinite Campus Food Service and Infinite Campus Payments, two tools integrated with our district's student information system.

With Infinite Campus Food Service, parents and guardians can view daily meal purchases, check account balances for one or more children, monitor free and reduced balance eligibility, receive low-balance email notifications, and more – all in real time.
Campus Payments provides a secure, convenient way to pay school-related fees online 24/7. From a single location, you can add money to food service accounts, pay fees, purchase items from the school store, register for activities, make donations, and manage payments for one child or your entire household.

Both tools are available through the Infinite Campus Parent mobile app and web portal. The free app can be downloaded from the Apple Store and Google Play.
If you have any questions about Infinite Campus Food Service, Infinite Campus Payments, or Infinite Campus Parent, please contact us at **605-783-3631.**

Please transition online Food Service payments from our current system to Infinite Campus Food Service prior to November 20th, 2026.

Sincerely,

Bethany Christensen
Renee Lakness
